1. Tape this page to a brightly lit window.
2. Tape fabric over the page on the window so that you can see the image thru the fabric.
3. Using a pencil, lightly trace the image on to the fabric.  
Do not trace the 5 inch invisible border, use this border to centre the fabric.
4. Choice your embroidery thread colours.  
Use 3 of the 6 strands. Thread your needle.
5. Use back stitch over the pencil lines.
